PROFESSIONAL EXPERIENCE

Performance Marketing & AI Automation Specialist | Crossway Consulting | May 2024 – Present

- Own paid acquisition, conversion measurement, CRO, reporting and automation across a 15+ brand portfolio spanning US-market service businesses, healthcare, technology, professional services and e-commerce.
- Plan and optimize Google/Meta lead-generation, conversion and retargeting campaigns using segmentation, bidding, budgets, creative testing and downstream lead-quality analysis.
- Reduced CPL by 20–25%** through intent-led segmentation, traffic-quality analysis, audience refinement, creative iteration and structured weekly optimization.
- Implemented GA4/GTM events, Google Ads conversions, Meta Pixel/CAPI, form/call tracking and CRM-linked measurement to improve attribution reliability and optimization signals.
- Improved landing-page CVR by 15–20%** through funnel analysis, A/B testing, messaging, responsive UX and CRO improvements.
- Built n8n/API workflows for reporting, lead routing, content/SEO operations and marketing processes, reducing recurring reporting effort by 60% and surfacing faster performance insights.
- Build and test AI-assisted marketing workflows and WordPress website-agent prototypes using LLM APIs; use Python/SQL to analyze campaign efficiency, lead quality and attribution bottlenecks.

Marketing Executive – Analytics & Growth | CAMS College | Sep 2023 – Apr 2024

- Executed Google and Meta acquisition campaigns; managed targeting, keywords, bidding, creative iteration and lead-generation performance.
- Implemented GA4/GTM inquiry and call tracking and built Power BI/Excel dashboards that translated campaign and funnel data into optimization recommendations.

SELECTED AI, AUTOMATION & WEB PROJECTS

AI Website Lead-Qualification Assistant: WordPress plugin + LLM APIs + context-aware prompting + lead capture + routing/escalation logic.
Multi-Stage SEO & Content Automation: n8n orchestration connecting keyword intelligence, content architecture, article generation, reusable brand context and publishing/reporting paths.
Marketing Measurement & Reporting Automation: n8n/API + Looker Studio workflows connecting campaign and website signals across multi-brand accounts; cut recurring manual reporting by 60%.
WordPress Conversion Infrastructure: Responsive landing pages, forms, GA4/GTM, form/call events, Google/Meta tracking, CRO and API/webhook integrations for service-business websites.
