PROFESSIONAL SUMMARY

Applied AI and automation specialist with ~3 years of marketing/analytics experience and hands-on work building n8n workflows, LLM-powered WordPress assistants, API/webhook integrations and structured automation pipelines. Combines technical workflow design with real growth-domain context, making it easier to connect models to measurable business actions rather than isolated demos.

SELECTED BUSINESS IMPACT

Built WordPress + LLM lead-qualification assistant prototypes | Designed multi-stage n8n SEO/content automation | Reduced recurring reporting effort by ~60% using automation | Hands-on with REST APIs, webhooks, Python/SQL and structured workflow design.

CORE SKILLS

n8n | Zapier | OpenAI / Claude / Groq APIs | LLM Agents | Prompt / Workflow Design | REST APIs | Webhooks | Structured Outputs | WordPress | HTML/CSS/JS | PHP Working Knowledge | Python / Pandas | SQL | GA4/GTM | Git/GitHub

PROFESSIONAL EXPERIENCE

Performance Marketing & AI Automation Specialist | Crossway Consulting | May 2024 - Present

- Build and test AI-assisted marketing workflows and WordPress website-agent prototypes using LLM APIs, business-specific prompting, context handling and lead-routing logic.
- Design n8n/API workflows for reporting, lead routing, content/SEO operations and repeatable marketing processes across a multi-brand environment.
- Use REST APIs, webhooks, structured data and reusable context to connect workflow stages rather than relying on one-off prompts.
- Built a multi-stage SEO/content pipeline separating keyword intelligence, content architecture, generation and QA/publishing paths.
- Design website lead-qualification flows that capture useful context, preserve intent and escalate high-intent users toward human/call follow-up.
- Use Python/SQL to analyze campaign efficiency, lead quality and attribution bottlenecks and support automation-related data work.
- Bring hands-on WordPress and growth-domain knowledge to applied AI systems, connecting model output to actual website and lead workflows.

Marketing Executive - Analytics & Growth | CAMS College | Sep 2023 - Apr 2024

- Executed Google and Meta acquisition campaigns across targeting, keywords, bidding, creative iteration and lead-generation performance.
- Implemented GA4/GTM inquiry and call tracking and built Power BI/Excel dashboards that translated campaign and funnel data into optimization recommendations.
- Reviewed campaign and funnel performance to identify traffic-quality, conversion and reporting issues for management decisions.

SELECTED PROJECTS
