Karachi, Pakistan | Remote | +92 329 393 6204 | muzammil.analytics@gmail.com | muzammilanalytics.github.io/portfolio/

PROFESSIONAL SUMMARY

Marketing automation and growth-operations specialist with ~3 years of experience across paid acquisition, measurement, reporting and workflow automation. Hands-on with n8n, APIs/webhooks, GA4/GTM, lead-routing patterns, WordPress and multi-brand reporting systems. Strong fit for roles where cleaner handoffs, reliable event data and reduced manual operations matter.

SELECTED BUSINESS IMPACT

~60% less recurring reporting effort through workflow automation | 15+ brands tracked across ad and website events | Designed lead qualification/routing patterns and recurring marketing workflows | 20-25% lower CPL and 15-20% higher CVR provide strong growth-domain context.

CORE SKILLS

n8n | Zapier | REST APIs | Webhooks | Lead Routing | Workflow Design | GA4 | GTM | Form & Call Tracking | Looker Studio | Power BI | WordPress | LLM APIs | Python / SQL | Marketing Operations | Conversion Mapping

PROFESSIONAL EXPERIENCE

Performance Marketing & AI Automation Specialist | Crossway Consulting | May 2024 - Present

- Design recurring n8n/API workflows for reporting, lead routing, content operations and multi-brand marketing processes.
- Implemented GA4/GTM, form/call events, Google Ads conversions and Meta Pixel/CAPI so lead source and conversion data can support downstream reporting and follow-up.
- Built website lead-capture and escalation patterns that preserve useful intent and contact context for the next workflow step.
- Reduced recurring reporting effort by ~60% through reusable automation and dashboard processes across a 15+ brand portfolio.
- Combine marketing-domain knowledge with workflow logic, APIs, analytics and WordPress implementation to reduce handoff friction.
- Use campaign and funnel data to connect operational improvements back to CPL, CVR and downstream lead quality.
- Design reusable brand/content context and staged automation so recurring marketing processes can be repeated consistently across accounts.

Marketing Executive - Analytics & Growth | CAMS College | Sep 2023 - Apr 2024

- Executed Google and Meta acquisition campaigns across targeting, keywords, bidding, creative iteration and lead-generation performance.
- Implemented GA4/GTM inquiry and call tracking and built Power BI/Excel dashboards that translated campaign and funnel data into optimization recommendations.
- Reviewed campaign and funnel performance to identify traffic-quality, conversion and reporting issues for management decisions.

SELECTED PROJECTS

Lead Qualification & Routing: Optional lead capture, intent classification and human/call routing in a WordPress AI assistant workflow.

Multi-Brand Reporting Operations: n8n/API + GA4/GTM + Looker Studio workflows reducing recurring manual reporting.

Conversion Event Architecture: Forms, calls, GTM tags/triggers and GA4 key events designed for cleaner lifecycle measurement.

Multi-Stage Content Operations: Reusable brand context and n8n/LLM stages supporting recurring research, briefing, generation and QA/publishing paths.

TECHNICAL / ROLE DEPTH

CRM-ready workflow design experience includes structured lead fields, routing logic, event mapping and API/webhook handoffs. Platform-specific claims are intentionally limited to tools used directly rather than overstating HubSpot/GHL tenure.

ROLE FOCUS & EDUCATION

Target roles: Marketing Automation Specialist, Growth Operations, CRM Workflow / RevOps Support, Lifecycle Automation, Marketing Operations, GTM Automation.
